Job Title: Research Fellow

Job Description:

The Institute for Media Innovation (IMI http://imi.ntu.edu.sg/) at Nanyang Technological University immediately invites applications for Postdoc positions to work in Singapore, in the area of behavioral models for virtual humans as well as interactive social robots. Particular topics of interest are emotions, relationship, memory processes. Researchers will have an opportunity to work in a cutting-edge interactive environment with top equipments as a new immersive room, real-time motion capture and social robots.

Eligibility

The position requires a PhD in computer science or a related area. Experience in 3D interactive graphics as evidenced by publications and international conferences participation is desirable. Strong capacity and commitment to research is mandatory.

Salaries are competitive and are determined according to the successful applicants' accomplishments, experience and qualifications. Singapore has low income tax and a postdoc is likely to pay a variable income tax of a maximum of 15% (see http://www.iras.gov.sg/irasHome/page04.aspx?id=1190).

If you are interested to apply please submit the following to imi-recruitment@ntu.edu.sg.

a. Curriculum vitae with photo
b. A brief research statement
c. Two names and contacts of recommendation

Review of applicants will begin immediately and continue until the positions are filled.
